Course Logistics of
"Research Methodology of Computer Science and Technology"

Tao LIN

September 2, 2024

WESTLAKE UNIVERSITY | SCHOOL OF ENGINEERING

Course information

Lectures

- 13:30 - 14:15 & 14:20 - 15:05, Tuesday
- 8 weeks
- Tao LIN (course leader, instructor)

    - effective communication
    - how to give a great talk
    - how to read papers
    - how to keep track of literature
    - how to do research
    - how to write a good research paper
    - how to make a strong rebuttal for your paper

- You will also learn from other senior Ph.D. students' experience

Some interesting facts

- This is an easy yet crucial course

- You will learn about some key research principles, e.g.,
    - effective communication
    - how to give a great talk
    - how to read papers
    - how to keep track of literature
    - how to do research
    - how to write a good research paper
    - how to make a strong rebuttal for your paper

- You will also learn from other senior Ph.D. students' experience

- By the end of the course, you will have a 5 minute presentation to test yourself

Course Schedule

Week	Date	Topics
1	2024. Sep. 03	Introduction to CS & AI
2	2024. Sep. 10	How to communicate
3	2024. Sep. 17	How to do presentation
4	2024. Sep. 24	How to be a good AI researcher (I): doing research I
5	2024. Oct. 07	How to be a good AI researcher (II): productivity and career
6	2024. Oct. 15	How to be a good AI researcher (III): academic paper writing and peer revi
7	2024. Oct. 22	Sharing the experience of writing excellent academic papers and rebuttal
8	2024. Oct. 29	Practice course

Tips on Writing Emails

Tips on Writing Emails

- Put a meaning subject (do not leave it blank) and include the course name in the subject if your email is related to this course.

Tips on Writing Emails

- Put a meaning subject (do not leave it blank) and include the course name in the subject if your email is related to this course.

- In the message, first address the person to whom you are writing. Be polite and concise about your message. Put your name at the end.

Tips on Writing Emails

- Put a meaning subject (do not leave it blank) and include the course name in the subject if your email is related to this course.

- In the message, first address the person to whom you are writing. Be polite and concise about your message. Put your name at the end.

- Proofread your message to make sure that there is no error and that your message is clear before sending it out.
